# WHO WE ARE

---

THAITEC (K) SUPPLIERS LTD is a trusted solar and battery solutions company based in Nakuru, Kenya. The company supplies quality solar panels, solar inverters, solar batteries, car batteries, solar lights, charge controllers, cables, and other power accessories.

We help homes, businesses, farms, schools, offices, churches, hotels, hospitals, and institutions get reliable power solutions. Our work is not only about selling products. We also help customers choose the right system, understand their power needs, install systems correctly, and maintain them for long service life.

**AT THAITEC, WE BELIEVE  
THAT RELIABLE ENERGY  
IMPROVES LIVES**

# OUR MISSION AND VISION

To become one of Kenya's most trusted suppliers of solar energy products, batteries, and power backup solutions.

To provide quality solar and battery products, professional services, and reliable customer support while helping customers access clean, affordable, and dependable energy.

- To supply genuine and high-quality solar products and batteries.
- To help customers reduce power costs through reliable solar solutions.
- To provide professional installation and maintenance services.
- To offer honest advice that helps customers choose the right products.
- To build strong customer relationships through good service and support.
- To promote clean and sustainable energy use in Kenya.

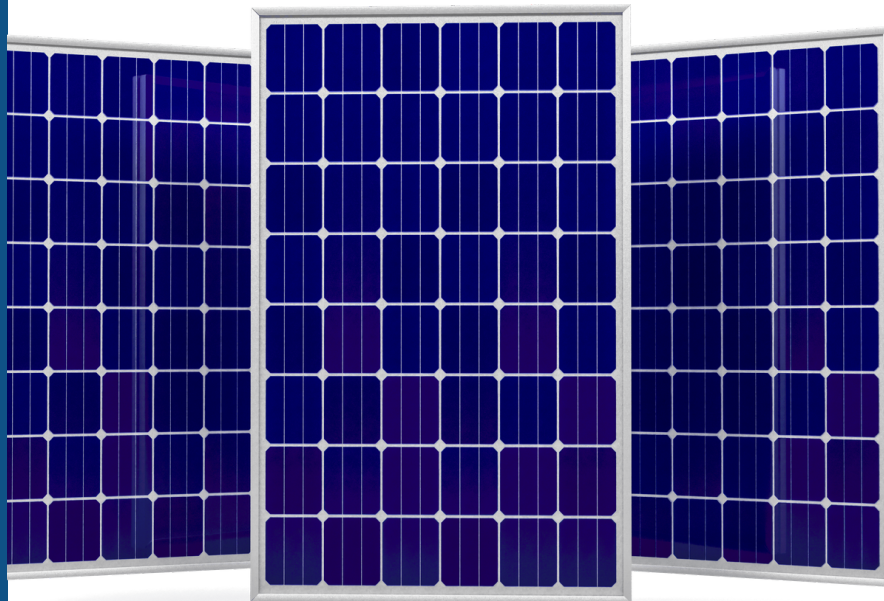

# WHY CHOOSE US

---

- 01** We provide genuine and dependable products.
- 02** We help customers choose products based on their real power needs.
- 03** We offer fair and competitive prices.
- 04** We support both small and large power needs.
- 05** We provide after-sales support and customer guidance.
- 06** We are based in Nakuru and can serve customers in different parts of Kenya.
- 07** We care about safety, quality, and long-term customer satisfaction.
